

Its graphically designed lightweight aluminium arch frame houses a completely new dimmable LED luminaire that makes this lamp perfect for lighting a desk or table. Its light output can be adjusted to provide soft lighting for dinner on the terrace, or alternatively to act as a functional and comfortable desk lamp. This luminaire is equipped with a cable, a light source and an impervious plug IP44 . This luminaire is supplied ready to install, fully equipped with its cable, light source and wall cable plate. All our luminaires are manufactured, assembled and packaged at our Châtillon-sur-Saône factory plant in the Vosges region of France.

ASTRUP

Data sheet

Characteristics

CL I - 220 V - LED Module 12W 2700K
