

VENDÔME

Data sheet

Conceived as an homage to the City of Light, the Paname collection features 4 families of luminaire designed around different grid motifs. Clad in its grid of interlocking motifs, the Vendôme suspended luminaire echoes the main roads that feed into the famous Parisian square renowned worldwide for its great fine jewellery houses. This luminaire is available in two finishes. Combining brass with stainless steel, the Brass version creates subtle golden reflections to envelop your living spaces with soft, welcoming warmth. For a 100% on-trend post-industrial feel, you might opt for its Coal version, whose darker tones are featured not only in its strap fixings and end caps, but also in the multi-perforated grid and 3 brushed reflectors that create unexpected grey/blue reflections. Suspended above your dining table or kitchen surfaces by its delicate steel wires, the soft light cast by its 6 LED bulbs makes Vendôme so much more than simply a luminaire; it is a jewel in its own right. This luminaire is supplied ready to install, fully equipped with its cable, light source and wall cable plate. All our luminaires are manufactured, assembled and packaged at our Châtillon-sur-Saône factory plant in the Vosges region of France.

Characteristics

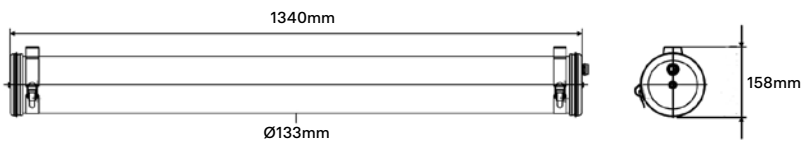

CLI - 220V - 6 x E27 LED 4W (included)
 dimmable 2700K
 Diameter : 133mm
 Length : 1340mm
 Weight : 7,5kg
 Installation : Wall / Ceiling / Pendant
